

## Build a Secure Cyberspace 2014 Mobile Security Starts from Everyone of Us

Hong Kong Computer Emergency Response Team Coordination Centre (HKCERT), Office of the Government Chief Information Officer (OGCIO) and Hong Kong Police Force (HKPF) will jointly organize a seminar for information security that is one of the events under the International IT Fest 2014.

Mobile security is of particular concern as it relates to the security of personal and business information stored on mobile devices. Furthermore attacks targeting mobile platforms are escalating with the number of mobile malware surpassing that of PC malware. Businesses and individuals should raise their awareness and understanding of the threats. In this seminar, information security experts will share their experiences and explore ways to manage the risks. You are cordially invited to participate in the event. The details of the seminar are as follows:
