

題目：中醫藥聯網系統

某中醫藥機構，打算設立一個資訊系統，向聯網內不同的醫療中心提供服務。該資訊系統能

- (i) 替病人進行預約，
- (ii) 記錄中醫師的處方，
- (iii) 查詢病人資料及病歷，
- (iv) 按需要展示收費記錄，
- (v) 顧及因使用資訊與通訊科技所帶來的各種問題。

你是負責有關項目的資訊科技經理，你需要為該中醫藥機構就上述部分要求提供解決方案。

Title: Chinese Medical Network System

A Chinese Medical Organization would like to set up a information system to provide services for its clinical centres. The information system will be able to

- (i) provide booking services for the patients,
- (ii) record Chinese Medicine Practitioner's prescription,
- (iii) search on patients' personal information and medical records,
- (iv) allow displaying of consultation fee on demand, and
- (v) accommodate various issues arising from the use of ICT.

You are the IT project manager responsible for the project. You are going to provide solutions for the meeting some of the above requirements for the Chinese Medial Network System.
